

When Better Automobiles Are Built, Buick Will Build Them

No. 19

Question: Why is a used Buick the next best buy to a new Buick?

Answer: Because the correctness of Buick design and the quality of Buick manufacture are not altered by use. A used Buick is a better investment than many new cars of other makes.

Edison Dividend Checks This Week

"Regular quarterly dividend checks on the 6 percent and 7 percent preferred stock of the Southern California Edison Company will reach Torrance and vicinity June 16," said District Manager W. E. Oliver today. This dividend amounts to \$405,963, and is distributed almost exclusively in Central and Southern California, where it flows into local trade channels and stimulates local business.

Since starting the active sale of its stock to the public in 1917 the consumer-partners of the company have increased in number from a bare two thousand to over seventy thousand.

"Everything points to a fine year for the Edison Company," said Mr. Oliver. "We have had an exceptionally 'wet' winter in the Big Creek-San Joaquin district, and the completion of the Florence Lake tunnel has done away with the danger of a power shortage resulting from a protracted drought."

P.-T. A. Thanks Torrance Herald For Services

Rappaport Make Special Purchases

Word from New York City reports the arrival of Mr. and Mrs. Sam Rappaport in Gotham. Mr. Rappaport has also written Torrance friends of a very pleasant trip. An exceptionally fine time was had at New Orleans, where a stopover was made en route to the Atlantic seaboard.

While in New York, Mr. and Mrs. Rappaport are combining business with pleasure and purchases of exclusive goods are being made. A shipment of dresses arrived yesterday from the East.

Guests Sunday of Mr. and Mrs. J. S. Babcock of Gramercy Avenue were Mr. and Mrs. Elwood Albert of Glendale. Mrs. Albert is Mrs. Babcock's niece.

A weekend guest of Mr. and Mrs. Forrest J. Young of Cota Avenue was Mrs. Blanche Stausser of Los Angeles. Mrs. Stausser formerly lived in Torrance.

The Story of the Big Tough Chicken and the Red Wheel

Once upon a time there was a big chicken that had lived so long that his owner decided he was good for nothing but to crow and eat corn. But one day there was delivered at the owner's house a new gas range that had attached to the side of the oven a little RED WHEEL. With the new gas range came a direction book that told how the little red wheel could be used to make the toughest kind of meats sweet and tender, when cooked in the oven with the red wheel. So, the owner killed the big tough chicken and baked him in the oven. And lo and behold! The whole family, from grand-daddy with his false teeth to Audrey who didn't even have all her first set, proclaimed the big tough chicken to be the best meat they'd ever enjoyed.

Come in today and see these wonderful ranges at the office of the

'Id as soon turn in my dog'

"Turn her in? Why should I? That old Ford is as good as she ever was. Since I switched to that new Zerolene 'F' for Fords she runs like a clock and seems to have a bit more power too."

Zerolene "F" for Fords gets to all the bearings requiring lubrication—especially the wrist-pin bearings and the upper half of the cylinder walls that are frequently oil-starved when an unsuitable lubricant is used.

It deposits a minimum of carbon, and because it lubricates better, enables the engine to develop a considerable margin of power over and above what you're accustomed to expect from your Ford.

And it costs not more, but less than most of the special Ford oils now on the market. A Ford is an A-1 transportation investment. Protect your investment by proper lubrication.

Many Here Poison Themselves Daily

Carelessness of Modern Living Results in Digestive Disorders, Sick Headache, Gas, Bilioussness—Dr. H. S. Thacher's Remarkable Prescription Relieves Many

A neglected liver can often cause more trouble than a bottle of poison. When the liver is clogged and inactive, it fails to secrete the juices necessary to digestion and elimination. Worst of all, it fails to purify the blood properly. When this happens annoying symptoms tell you that a state of self-poisoning exists in your body. Symptoms Lead to Sick Bed. It explains why a sluggish liver is attended by such symptoms as constipation, bilioussness, sick-headaches, sourness and gas on a weak stomach, loss of appetite, pains in the back and sides, and a nervous, run-down condition—symptoms that lead to the dangerous and expensive sick-bed unless corrected in time. Dr. H. S. Thacher, noted medical practitioner, perfected a whole-
